

# SORT YOUR WASTE ...

**Waste Climate Action Day: Tuesday, November 19**

## Ready, Set, Reduce!

**Did you know?** According to a 2023 study, 85% of waste generated in our schools can be composted or recycled.\* By sending less material to landfills, we can effectively reduce pollution!

### Here's How You Can Help:

#### 1 Prevent Waste

Only use what you need and find ways to reuse materials.

#### 2 Sort Properly

Make sure to recycle and compost correctly.
